

Now's the best time to switch to subscription

And secure discount pricing as long as you renew

When it's time to renew your maintenance plan, you've got two new options

Renewal-time special offer

At time of renewal, you can choose to move to subscription for the same cost as your maintenance plan renewal—or switch to an industry collection at a special price.

As long as you continue to renew, you'll enjoy special pricing, which will be lower than maintenance plan renewal pricing and far below the cost of purchasing a new subscription.

If the timing to switch to subscription doesn't work for you now, you can switch next year or the year after.

Talk to your reseller or visit www.autodesk.com/campaigns/maintenance-to-subscription

What are the benefits of switching to subscription?

- The convenience of charging subscription cost annually to projects;
- Frequent product updates that you can decide when to consume;
- More convenient support including “schedule a call” for faster engagement times;
- Simpler administration of software when standardizing products on subscription;
- You can turn on and off subscriptions based on your project peaks and valleys.

Why switch now?

The price to switch will increase 5% in 2018 and another 5% in 2019, so the earlier you switch to subscription, the less it will cost.

Autodesk – AEC Cloud-Connected Promotion

Frequently Asked Questions (FAQ)

7. What is BIM 360 Team?

BIM 360™ Team is a cloud-based collaboration tool that allows architects, engineers, and other design team stakeholders to collaborate on project documentation, building models in one central place online.

<http://www.autodesk.com/products/bim-360-team/overview>

8. What is Collaboration for Revit?

Collaboration for Revit® is a cloud service that works with Revit® to connect project teams so they can work together on shared building information models.

<http://www.autodesk.com/products/collaboration-for-revit/overview>

9. What is Revit Live?

Revit® Live cloud service turns Revit and Revit LT models into an immersive experience in one click, helping architects understand, explore, and share their designs.

<http://www.autodesk.com/products/revit-live/overview>

10. What is BIM 360 Docs?

Built specifically for the AEC industry, and designed to connect contractors and construction project teams, BIM 360 Docs delivers a complete, connected solution to manage all 2D plans, 3D models and other project documents.

<https://bim360.autodesk.com/bim-360-docs>

11. What is ReCap Pro?

Use ReCap™ reality capture software to convert reality into a 3D model or 2D drawing that's ready for further design.

<http://www.autodesk.com/products/recap/overview>

12. Are the discounts available to customers renewing either subscription or maintenance plans?

No. The discount is only for new subscriptions when purchasing 5 or more subscriptions at one time.

13. Can the offer be combined with any other offers?

No, the offer cannot be combined with any other promotions unless otherwise stated.

14. How many subscriptions must be included to receive the discount?

A minimum of 5 or up to 24 of the same qualifying subscriptions with the same term must be ordered at the same time to receive the discount.

15. Are Accounts with Enterprise Business Agreements eligible to participate in this offer?

Discounts offered by Autodesk under this offer cannot be combined with any discounts provided by Autodesk to contracted accounts according to any relevant agreements. Example: Accounts with EBAs (Enterprise Business Agreements) are not eligible. Named Accounts may choose to select either the contracted discount OR the promotional discount, but not both.

16. Can customers co-term the new discounted subscription with their existing Autodesk subscription contracts?

Yes. Pricing will calculate for the co-termed contract length and apply the appropriate cost inclusive of the promotion discount, where applicable.
